

The Federal Communications Commission  
445 12th Street, SW  
Washington, DC 20554

Dear The Federal Communications Commission,

The proposed fee that would change how contributions are made to the Universal Service Fund is totally unfair and unbalanced. Charging the same for low-volume residential users as mass volume businesses is unjust. My phone is for safety, security, and convenience. Placing me in the same category as profit making enterprises is unacceptable.

Keep the USF Fair!

Sincerely,

Paul Michael Bailey
